Respected Professor,

Thank you very much for your invitation letter to attend **board of studies for M.Phil and PhD Programmes. Owing to unfavorable weather and health condition I am unable to attend the board of studies on 22nd November 2018. Sorry for the inconvenience.** I went through the regulations and following are my observation which may be discussed in the meeting.

First of all I appreciate the effort made to prepare an excellent regulation for PhD programme.

Item no 7.2.4 :

In order to maintain quality, Examination for the course work should be conducted by COE as like regular examination twice in a year. The question paper may be prepared by concerned research supervisor.

Item no 7.2.6:

Answer script for the course work for the PhD programme should be assessed by both internal and external examiners. Double valuation system should be followed as in the case of other PG Programmes.

Item no 9 :

The real research programme requires modification as the research is in progress based on review, discussion with experts opinion, and suggestion made by dedicated Doctoral Research Committee. Hence, change of title may be permitted more than one time and that too with out any capping like minor correction. If you frame too many hurdles for change of title it prevents Innovation and real zeal of research. Hence, my suggestion is this section may need necessary change based on research point of view.

Thanking you

With Regardse
