*and school teachers through this International webinar to make them aware of 'emerging learning trends in current scenario.*

*STEM Curriculum: Emerging Science, Technology, Engineering and Mathematics, the curriculum which helps students to face the challenges the world faces today, which brings valuable contribution to a well Day rounded education.*

*Now we need a methodology which combines face3 to face and online learning experience. It is possible by blended learning Its particular strategies are not just supplement but to improve the learning process.*

*Environmental deterioration is one of the major causes of pandemic, epidemic or endemic. The most pathetic situation now is to buy or manufacture a gas which is manually available, it is Oxygen and many corona patients died because this. Why are we undergoing such situation? We need to create awareness among young generation make them learn from a sustainable future.*

*Learning is the process whereby knowledge is created through the transformation of experience said by John David. Education is not an affair of teaching and being told, but an active and constructive process. The topic 'Experiential learning' its to enable the learners to experience greater gratification in learning.*

*Personalized learning : One of the best approach in learning process in to learning for each students strength, needs, skills interest, Its very needed for the current scenario. The present situation has pushed them to learn by themselves. The pandemics speed of change amplified the need to have a personalized learning.*

*Our main focus is to impart knowledge sure how by adapting innovative methods at the same time, it is essential to concentrate on social with emotional development of learner. Most of them are facing the problems of being unsocial and educational outbreak. Intervening social and educational learning and academic advances, the ability of our learner to adapt to change with the essential skills will be able to effectively manage now challenges in ongoing situation.*

*According to toper education is that which does not merely give us information but makes one life in harmony with all existence. this pandemic taught us may lessons one among them is the pedagogical approach through 'technical devices. So, it is the need of the hour to equal the prospective teachers to face the students of digital are and also face the challengers in modern classrooms. The topic: "Techno pedagogical skills" is manually to make us techno pedagogical competent to handle the current situation. So we hope a trust that the entire 7 sessions of 7 day International webinar on Emerging Learning Trends in current scenario will be interesting and informative to help all the participants to be aware of new learning trends in teaching - learning process in the present changing situation. Highly knowledgeable and experienced resource*

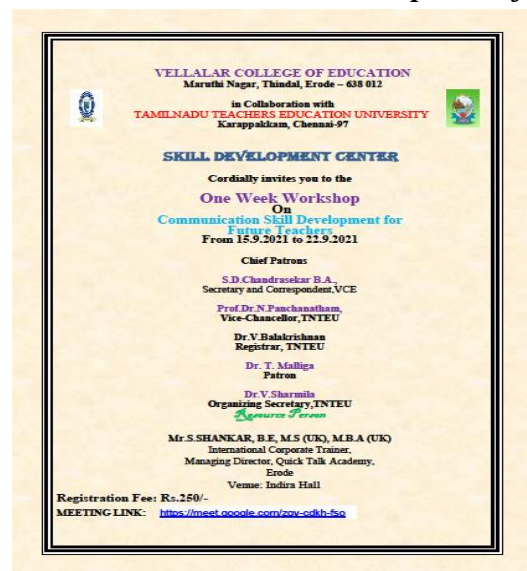

persons from various departments, working in India and abroad were invited to share their knowledge under each topic.

### Interesting facts about brain

*The brain is part of your body's central nervous system. It's the most complicated part of your body. It has the ability to send and receive an enormous amount of information because it is so complex, there are something doctors and scientist don't completely understand yet about it. This also means that there are some amazing things you may not know about your brain.*

1. Signs of successful brain surgeries go as far back as the stone age.
2. An adult brain weighs about 3 pounds.
3. About 75% of the brain is made up of water. This means that dehydration even in small amounts, can have a negative effect on the brain functions.
4. The Largest brain of any animal is that of the sperm whale. It weighs about 20 pounds.

5. The human brain will grow three times its size in the first year of life. It continues to grow until you're about 18 years old.
6. Headaches are caused by a chemical reaction in your brain combine with the muscles and nerves of your neck and head.
7. The brain of human contains approximately one hundred billion neurons.
8. It is a myth that humans only use 10% of our brain. We actually use all of it. We're even using more than 10% when we sleep.
9. Cholesterol is key to learning and memory. However, high Cholesterol has different effects depending on your age and other factors.
10. Information runs between neurons in your brain for everything we see, think or do. These neurons move information are different speed. The fastest speed for information to pass between neurons is about 250 mph.

### விடை கேட்கும் ஏர்கள்

கதிரவன் தீண்டுமுன்னே என்னவளை - முத்தமிட்டு  
கட்டியனைத்து சரசங்கள் பயின்று திளைத்தேன்....  
வறண்டவளாய் இருந்தவள் பசுமையாய் மாறினாள்....  
அருகம்புல்லும் என் காதல் சின்னம் அன்றோ!!  
ஆனால், இன்றோ. ....  
தோள் கொடுத்த தோழனாய் என்னை  
சுமந்து சென்ற காளைகள் எங்கே ???  
என்னவள் அவளின் பெண்மையைகபெண்மையை இழந்து  
உருக்குலைந்து தவிக்கிறாள் ஏன்? ஏன்?  
நானோ என் சக்தி இழந்து ...  
சுமப்பவர் யாருமில்லாமல் தவிக்கிறேன் ஏன்? ?  
நிலமகளை உரசும்போது குழந்தையாய் சிணுங்கும் ....  
அவளின் சிணுங்கல் கேட்கவில்லையே ஏன்? ?  
உயிர்உடல் தனி நடனம் காணவில்லையே ஏன்??  
ஆட்டுவிக்கும் உழவனை காணவில்லையே ஏன்? ?  
மண்ணுக்குள் போனால் என் உழவனின் .....  
இதயசத்தம் கேட்கிறதே ஏன்? ஏன்?

## Train

Choo, Choo, Choo, Choo,  
train  
You travel all the lane,  
You cross the meadows  
and hills  
With ups and downs,  
You cover all the way  
And make us glad in gay,  
Choo, Choo, Choo,  
Choo, train  
We enjoy your ride insan

## Dream

Dreams are fascinate,  
They make us marinate,  
Dreams are colorful,  
They make us joyful,  
Dreams are scary,  
They make us merry,  
Dreams are wonderful,  
They make us playful,  
So, dream, dream, dream,  
Until you get a scream.

## Trees

Trees are treasure to us,  
We cut them without care,  
Trees give us shade,  
We don't care them fade,  
Trees give us vegetables  
and fruits,  
We disregard it with brute,  
Trees give us wood for  
furniture,  
We don't care about its  
horticulture,  
Trees give us rain,  
We ignore it with vain,  
Trees are highlight to us,  
Cherish it with delight  
always.

**"Happy Teacher's Day"**  
"Teaching is a very noble profession  
That shapes the character  
Caliber and future of an individual.  
If the people remember me  
as a good teacher,  
That will be the biggest honour for me"

Teacher appreciation quotes about thank you notes ever written. Take ideas from this post to write your own heartfelt, nice and inspirational teacher's day message or note to say thank you to your favorite teachers on this happy teacher's day. At every stage of life, teachers carve your personality and career, it a rudimentary school, high school, college or university. Their contribution to changing millions of lives is inexplicable in word:

"A Teacher is ...  
A Friend...A Philosopher...  
A Guiding Light...An Inspiration...  
Discipline and love,  
A Teacher is like a candle...  
Who burns brightly to  
Enlighten others...  
Everything, in one person  
And that person is you happy...  
A Salute to all the teachers"...  
Wishing you a  
Glorious and happy Teacher's Day"...!

"Dear Teacher,  
Thanks for making us  
What we are today...  
"Happy Teacher's Day"...!

*The highest education is that  
which does not merely give us  
information but makes our life  
in harmony with all existence.*

*- Rabindranath Tagore*

### ***FROM EDITOR'S DESK***

*In the month of September, the University was in full bloom to gear up the activities in connection with the preparation of NAAC. In this regard, professors from VEL'S Tech, Chennai were invited to supplement ideas to complete NAAC work of the last phase. Our Hon'ble Vice Chancellor gave his prudent ideas to proceed the NAAC work.*

*Dr.V.Balakrishnan Registrar of TNTEU also extended his sincere support with all motivation to complete the NAAC preparatory work. The IQAC Director Professor.S.Mani and Deputy director Dr.U.Pandian indulged themselves a lot in completing this indispensable task. The Exam section under the headship of Dr.M.Govindan, controller of examinations, took up a new venturing task of giving mark sheets for students who go for TRB exam in a short span of time. Prof.M.Soundararajan, Dean of faculty started his routine in his new capacity as a dean of Faculty. A good number of online quiz competitions were organized by Centre for civil services and TNPSC coaching of TNTEU. Prof. P.Ganesan gave a spark to start Alumni Meet in our university. The programs organized by the Centre for capacitive building were much appreciable. Likewise the programmes organized by the NSS Co-ordinator Dr.P.C.Nagasubramani deserved everybody's appreciation*

*Mega fivefold functions were organized very meticulously under one roof of TNTEU. The Events were Inaugural function of alumni meet, celebration of teachers day, receiving I2B status for our University, honouring the teaching faculties those who have received awards/ recognitions from State/ National/ International and other recognized bodies, honouring Dr.Sivasakthi Rajammal who set many world records by involving the students community of our affiliated colleges.*

*I appreciate the M.Ed and Ph.D., Scholars of TNTEU who contributed articles to publish in this edition.*
