To

The Principals of all the Colleges of Education affiliated to
Tamil Nadu Teachers Education University

Sir/Madam,

Sub: TNTEU – Preservation of water bodies in the state of Tamil Nadu –
Measures to be taken to increase the self sufficiency in water
mangement– Reg.

Ref: Letter No. 15294/A2/2019-1, dated 17.09.2019 from the Deputy
Secretary to Government, Higher Education (A2) Department.

In the letter cited, The Deputy Secretary to Government has informed the
following objectives for preservation of water bodies and measures to be taken to
increase the self sufficiency in water management.

- To preserve existing water resources like pond, lakes & reservoirs etc.
- To find out the water resources available in Village, Taluk, Cities and
manage the water resources properly.
- Revival of rain water harvesting in all areas.
- To understand the catchment area where rainfall is stored; recharge the
ground level.
- To grow more trees by identifying the place which are possible at all
levels, villages, Taluks & Districts.
- To Establish Green reserve in the State of Tamil Nadu.

The following measures have also been suggested

- In all residential as well as Government buildings gray water recycling
should be made mandatory.
- The unutilized space areas in Government office/Institutions/Private
companies/Buildings/Schools/Colleges/Universities/government
quarters/Government Hospitals/Primary Health Centre/ Railway

stations/multi-storey buildings/Community halls/Stadium/Bus Terminals/Parking areas etc., should be identified and inside the compound wall around playgrounds, trees should be planted. It should be made Mandatory.

- Special camps should be done by the School/College students/Teachers/VIPs/Politicians to make people realize that everyone is responsible for preserving water resources & growing more plants and trees in the available space of dwelling areas and also to grow in roof of the buildings with safety measures.
- The process is perennial. Simply planting trees is not enough; watering, maintain etc should be entrusted to the responsible people.
- To motivate the youngsters and utilize their services for conserving the environment instead of wasting their time in gadgets.

The Managements of the Colleges shall take necessary action on the above and send the action taken report to the University.

This is for your kind information

U. Balasubramanian
