To

The Principals of all the Colleges of Education
Tamil Nadu Teachers Education University.

Sir / Madam,

Sub: TNTEU – B.Ed programme – 2019 –2020 - 16 - Week Internship Programme
in Schools – Instructions issued - Reg.

The University prescribes the following guidelines for effective monitoring of School Internship of practicing teachers with a view to ensuring total regularity in undertaking School Internship by practicing teachers.

The Colleges of Education should arrange for 16-week Internship for all of their 2nd year B.Ed. Students.

1. The Principals should obtain necessary permission from the Chief Educational Officer for 16 week internship as per the Academic calendar 2019 – 2020.
2. The Supervisors / Assistant Professors from the respective colleges should visit the practicing students periodically and sign their lesson plan records and other related records.
3. Each practicing student should prepare 30/30 lesson plans and obtain signature of the Guide teachers in schools.

In this regard, a copy of the CEO's Order along with the list of names of students and the list of schools allotted for Schools Internship should be submitted to the University on or before 16.08.2019.

The University receives complaints from the public and students that several Colleges of Education do not insist on compulsory 16 – week Internship and as a result, practicing students evade School Internship and indulge in malpractices.

This malpractice should be prevented as School Internship is the essential component of the Two year programme which is intended to develop good teaching skills in practicing teachers.

The University will cause a surprise visit and check the regularly of practicing students during School Internship Programme and in the event of any shortcomings, it will be viewed seriously leading to appropriate action. Hence, the Principals of all the Colleges of Education are instructed to follow the above guidelines for effective implementation of School Internship Programme.
